It is for the car lease, gas, and I believe the cost to renew tags was also in there as we just got them renewed last month. The costs associated with transporting girls to and from their appointments, work, school, etc.

Let me know if I need to take that off. I knew there was transportation below but thought ours would go at the top since we don't directly give girls the money but provide transportation as a necessary program expense? But of course wasn't sure?

Hi Angel – Just to clarify, what is the auto expense you listed?
